CEMENT
AND
LIME MANUFACTURE

Published by Concrete Publications, Ltd., 14 Dartmouth Street, London, S.W.1

INDEX TO VOL. XXIV, 1951

PAGE

Africa, A new cement works in North 111
Air-entrained concrete, Cellular and, by J. P. Levy ... 55
Angola, The cement industry in 69

AUTHORS:

Azbe, Victor J., on A rotary lime kiln 1
Blondiau, L., on Composition of slag for slag cement 110
Bucci, R., on Reactions of the sulphates during the setting of Portland cement 95
Ferrari, F., on Composition of pozzolana cements... 104
Gilliland, J. L., on False setting due to dehydrated gypsum in Portland cement 108
Lerch, W., on Gypsum in Portland cement... ... 13
Levy, J. P., on Cellular and air-entrained concrete... 55
Nurse, R. W., on Specification tests for specific surface of cements 17
Pfrunder, V. R., on The pneumatic method of conveying cement 68
Rebuffat, A., on Kaolin and zeolites... 95
Santarelli, L., on Fuel consumption in cement works 31
Santarelli, L., and A. Guzzini on Pozzolana cement 95
Saul, A. G. A., on Suggested principles of low-pressure steam curing of mortar and concrete... 39
Stutterheim, N., T. L. Webb, and B. Uranovsky on The burning, hydration and soundness of lime ... 97
Tavasci, B., on Porosity of hydrated Portland cement 96
Taylor, H. F. W., and G. E. Bessey on Hydrothermal reactions in the lime-silica-water system 47

Belgian Congo, Cement machinery for the 12
,, Cement works in 112
Belgium, The cement industry in 52
Bibliographies of cement 107
Blastfurnace-slag Portland cements, Determination of the composition of 61
Britain, The cement industry in 67
Burning, hydration and soundness of lime, by N. Stutterheim, T. L. Webb, and B. Uranovsky ... 97

Cellular and air-entrained concrete, by J. P. Levy ... 55
Cement, Bibliographies of 107
,, Expanding 32, 45
Chatelier, Henry le 7
Clinker-slag cement, A new French 94
Concrete in marine works, Defective mortar and ... 11
Conveying cement, The pneumatic method of, by V. R. Pfrunder 68
Costa Rica, The cement industry in 69
Cuba, New cement kiln for 94
,, The cement industry in 70

PAGE

Curing of mortar and concrete, Suggested principles of low-pressure steam, by A. G. A. Saul 39

Expanding cement 32, 45
False setting of Portland cement 96
Finland, The cement industry in 52
France, A large rotary kiln in 35
French clinker-slag cement, A new 94
Fuel consumption in cement works, by L. Santarelli 31
Fuel, Storing 93
Gypsum in Portland cement, by W. Lerch 13
,, in Portland cement. False setting due to dehydrated, by J. L. Gilliland 108
,, Some views on the action of 33

Heat of hydration of Portland cement, Accuracy of test for 38
Hydration and soundness of lime, The burning, by N. Stutterheim, T. L. Webb and B. Uranovsky ... 97
,, of Portland cement, Accuracy of test for heat of 38
Hydrothermal reactions in the lime-silica-water system, by H. F. W. Taylor, and G. E. Bessey ... 47

Indonesia, The cement industry in 70
Iraq, A new cement works in 6

Japan, The cement industry in 52, 70

Kaolin and zeolites, by A. Rebuffat 95
Kiln, A large rotary 6
,, A rotary lime, by Victor J. Azbe 1
,, in France, A large rotary 35
Kilns in the lime industry, Vertical 21

Lime industry, Vertical kilns in the 21
,, kiln, A rotary, by Victor J. Azbe 1
,, -silica-water system, Hydrothermal reactions in the, by H. F. W. Taylor and G. E. Bessey ... 47
,, The burning, hydration and soundness of, by N. Stutterheim, T. L. Webb and B. Uranovsky ... 97

Malaya, Proposed new cement works in 16
Manufacture, Raw materials in cement 46
Marine works, Defective mortar and concrete in ... 11
Materials in cement manufacture, Raw 46
Mexico, The cement industry in 52
Mortar and concrete in marine works, Defective ... 11
Mozambique, Cement works in 30

Netherlands, Specifications for cement in the ... 53

Pakistan, The cement industry in 70
Pneumatic method of conveying cement, by V. R. Pfrunder 68
Porosity of hydrated Portland cement, by B. Tavasci 96
Portugal, A new cement works in 9

INDEX—*continued from previous page*

	PAGE
Pozzolana cement, by L. Santarelli and A. Guzzini	95
,, cements, Composition of, by F. Ferrari	104
Sacks, The transport of cement in special	44
Safety competition in cement works	8
Setting due to dehydrated gypsum in Portland cement, False, by J. L. Gilliland	108
,, of Portland cement, False	96
,, of Portland cement, Reactions of the sulphates during the, by R. Bucci	95
,, time of Portland cement, Mechanical determination of the	30
Shoreham, New cement works at	71
Silicates in Portland cement	8
Slag cement, A new French clinker-	94
,, for slag cement, Composition of, by L. Blondiau	110
,, Portland cements, Determination of the composition of blastfurnace	61
Soundness of lime, The burning, hydration and, by N. Stutterheim, T. L. Webb and B. Uranovsky	97
Spain, Cement production in	30
,, Temporary cement works in	105
Specific surface of cements, Specification tests for, by R. W. Nurse,	17
Specifications for cement in the Netherlands	53
,, of the world, Portland cement	22, 57
Standard for sulphate-resistant Portland cement, United States	51
Standards for cement, United States	8
Steam curing of mortar and concrete, Suggested principles of low-pressure, by A. G. A. Saul	39
Sulphate attack, A test of the resistance of Portland cement to	65
,, -resistant Portland cement, United States standard for	51
Sulphates during the setting of Portland cement, Reactions of the, by R. Bucci	95
Surface of cements, Specification tests for specific, by R. W. Nurse	17
Switzerland, The cement industry in	52
Temporary cement works in Spain	105
Test for heat of hydration of Portland cement, Accuracy of	38
,, of the resistance of Portland cement to sulphate attack	65
Tests for specific surface of cements, Specification, by R. W. Nurse	17
Transport of cement in special sacks	44
Turkey, The cement industry in	70
United States standard for sulphate-resistant Portland cement	51
,, ,, standards for cement	8
Uruguay, The cement industry in	70
Works at Shoreham, New cement	71
,, in Belgian Congo, Cement	112
,, in North Africa, A new cement	111
,, in Spain, Temporary cement	105
Zeolites and kaolin, by A. Rebuffat	95
